## Community Update: Celebrating Kaipara College Academic Success

Kia ora e te whānau

With the lockdowns in the second part of 2021 and the subsequent disruption to our schooling routines, we were only able to celebrate our Year 13 successes at the end of the year via a very different looking, but very successful prizegiving. However, we were able to publish all our prizewinners via the [Student Awards webpage](#).

Likewise with the advent of the necessity of rostering home in Term 1 this year we have been unable, until now, to acknowledge and celebrate the outstanding academic achievement of our students in NCEA in 2021. Online assemblies have been held this week to award our Excellence and Merit certificates and badges to those students who excelled academically last year. These unfortunately, were closed events because we are still in the RED setting of the COVID framework. Other subject award certificates and trophies will be issued to students next week. However I would like to publicly acknowledge, celebrate and congratulate the success of all of our students who worked so hard last year under very trying circumstances.

The students below were awarded Level 1 or 2 Merit or Excellence endorsement in NCEA last year and represent more than 40% of our current Y12 and Y13 students. A tremendous achievement. This is an absolute credit to their determination and commitment to hard work, the dedication of our teachers who supported the learning of all of our students and the ongoing support our students receive from their whānau and community. Thank you to all involved and congratulations!
